## KMA28- Installation Manual

During the Bendix and King merger (i.e. Bendix/ King), a new part numbering system was created that converted these 9 digit part numbers to 12 digits. Therefore, 066-3056-01 became 066-03056-0001.

Despite this numbering change, units that were originally from the King Radio design still have the 9 digit part number format on the unit dataplate.
